AVANTE LASER & MEDISPA

Reveal a New, Smoother, Beautiful You!

By Anna Henry

What's the most sought after accessory for the holiday season and the New Year? Silky smooth, radiant, healthy-looking skin from the trusted professionals at Avante Laser & MediSpa!

With so many newcomers rushing into the skin care and laser hair removal business today, the challenge is finding a medical spa and staff that you can trust to safely deliver optimal results. That's why informed men and women turn to the experienced professionals at Avante Laser and MediSpa, versus taking chances with their skin.

Avante offers the latest in laser hair removal, spa therapies and state-of-the-art cosmetic aesthetic procedures to enhance the total you in any season of life. With an experienced, physician-supervised staff that includes licensed and/or certified professionals, Avante has earned a trusted reputation and for good reason. Their single focus is and has always been on the medical spa and hair removal industries, making them the respected experts that other spas strive to emulate.

Hair Today, Gone Tomorrow!

Both men and women know what it's like to deal with unwanted, embarrassing hair. Shaving is not only a daily chore, it can leave unsightly bumps, harsh razor burn, nicks and cuts, not to mention prickly stubble

that reappears within hours. If you long for hassle-free, sleek, smooth skin, you can count on Avante, the most experienced laser hair removal experts in the Houston area, to deliver great results in a friendly, comfortable environment.

Why is Avante considered the premier hair removal destination? Experience and knowledge says it all. Owners Stacey Upchurch and Mary Ann Urban have each been in the hair removal business for over 20 years. Their renowned location in The Woodlands was the first in the area to offer laser hair removal. Since then, they have performed over 100,000 laser hair removal procedures. All of Avante's laser specialists gradu-

ated from the famed Rocky Mountain Laser College with a CLS™ (Certified Laser Specialist) designation. In addition, Mary Ann and Stacey have earned a CLHRP™ (Certified Laser Hair Removal Professional) designation and both Avante locations are members of the American Society for Laser Medicine in Surgery.

"This time of year is perfect to begin laser hair removal so you are ready

when warmer weather arrives," says Stacey. "Clients of all skin tones can be treated. Your session will begin with a complimentary consultation where we review your history, skin type and eligibility by performing a test spot."

"We treat men and women of all races from all walks of life, and we are seeing more teens and tweens than ever," adds Mary Ann.

Healthy-looking Skin is In

The most beautiful cosmetic you can wear is healthy skin. Avante's advanced photo-rejuvenation therapies help reverse sun damage, erase the redness associated with rosacea, enhance skin clarity, and diminish fine lines and wrinkles. Their facials, masks and peels are customized to ensure maximum results and glowing skin. Signature treatments include corrective serums with layered, lift-off masks recommended for deeply dehydrated, sun damaged or traumatized skin.

Clients Praise Avante

Jennifer recently had laser hair removal for the underarms and bikini area, and can't believe how soft and smooth her skin feels in the treated areas. "I look forward to wearing a swimsuit for the first time in years. I hated the rash and bumps produced by shaving, especially in the bikini area," says Jennifer. "Now that I know what it's like, I resent the time it takes to shave my legs and want to have my legs done too!"

"I highly recommend Avante to anyone!" Jennifer states. "The staff is absolutely fantastic they're friendly yet professional and really take care of their clients. I love the way they help women feel good about themselves."

With Avante's wide range of options including massage, facials and anti-aging therapies, Jennifer points out that an Avante gift certificate is a great present to receive from a husband, significant other or friend.

"Avante makes you feel special and beautiful what could be better?"

Cathy has been an Avante client for approximately 5 years. She has enjoyed numerous services including PhotoFacial, laser hair removal, electrolysis, massage and more. "Avante is one of my favorite places. The staff is warm, welcoming and knowledgeable, and the atmosphere is wonderful. I also use their skin care products and mineral makeup to maintain my skin. People always comment on how great my skin looks, thanks to Avante."

It Happens Only Once a Year

Don't miss Avante's Holiday Open House at The Woodlands location celebrating their 6 year anniversary on December 9, 2006 from 10 am to 4 pm. Stacey and Mary Ann are offering unbelievable savings on the day of the Open House and drawings for free services and products.
